

A Sports Fan and Car Lover's Dream

Remodeled by James Barton Design-Build, Apple Valley

COMPILED BY CYD HAYNES

The owner of this Burnsville home is a serious sports car enthusiast whose mission was to create a comfortable getaway where he and his buddies could tinker with cars and watch their favorite sports team on the big screen. With these wishes in mind, James Barton Design-Build created a three-story hobby-garage addition to the home, located behind the existing garage. The new addition features a two-level garage and a third-level bonus room.
