James Barton Design-Build Receives 2008 Best of St. Paul Award

WASHINGTON D.C., July 15, 2008 -- James Barton Design-Build Inc. has been awarded the 2008 Best of St. Paul Award in the Home Renovation category by the U.S. Local Business Association (USLBA).

This is the sixth major award in 2008 for the residential remodeler. The other awards include four National Professional Builder's Council (one for Excellence in Design, three Diamond Medallion awards, and a Judge's Choice award), and a 2008 Chrysalis Award for Excellence. Headquartered in Apple Valley, Minnesota, James Barton Design-Build works with home owners throughout the Twin Cities area to breathe new life and livability into their homes -- from initial design through completion.

The USLBA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USLBA identifies companies they believe have achieved exceptional marketing success in their local community and business category, enhancing the positive image of small business through service to their customers and community.

Winners are determined based on the information gathered both internally by the USLBA and data provided by third parties.

The USLBA is a Washington D.C. based organization funded by local businesses operating in towns and cities across America. Established to recognize the best of local businesses in their community, the organization works exclusively with local business owners, trade groups, professional associations, chambers of commerce and other business advertising and marketing groups. Their mission is to be an advocate for small and medium size businesses and business entrepreneurs across America.
